Learning in your forest

Health and safety

Our Phone Trails are DIY – some of our forests have waymarked trails that you can follow, but in most cases, you choose the route.

We don't want you to get lost, so please remember the path you have followed, in case you need to turn back.

You can walk pretty much anywhere in a Forestry Commission woodland, unless there are forest operations happening. Please make sure you read and follow all safety notices.

Your forest is cared for by the Forestry Commission for timber, people and wildlife
